**ELIJAH MUHAMMAD : The Genesis Years of Elijah Muhammad** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Genesis Years of Elijah Muhammad:

By Love Life Light Elijah Muhammad, Leader of the Nation of Islam is not give much credit for the work he has done. He has highly influenced the shaping of Black America. Morally, Economically, Theologically. However, historians and even some of his own

old followers are ready to erase him from the face of history. This book is a printing of his old lectures and speeches. Some you have read some you have not. I thank MEMPS for making this available to peep into the true teachings of this man. otherwise we would only have his 5 books to go on now we have a gang of info on which to judge his info. He knew the essence of secret societies and ufo's etc. before it was popular to talk of such. Now you have movies like War of the worlds, Divinci code, National treasure, etc. With this I would read history of Master Fard Muhammad, African Origins of Freemasonry by Zachary Gremillion, and Huevolution of Sacred Muur science by Timothy Myers-El

It has been approximately 50 years since these articles have been written. Many were initially submitted to various news organs that were circulated in the black community. This was an age when the demarcation line of the races were clearly marked. Although it was still common to hear of lynching even in the North, within the black community there were two different political persuasions tugging on the minds and hearts of the people. One was the idea of staying with the slave-master and forcing them to give the so-called Negro civil rights and the other was the idea of separation in a state or territory of our own. Schools of thought developed with notables like Elijah Muhammad, a staunch advocate of racial separation on one side, and Martin Luther King, a government sponsored poster boy for racial integration on the other.

About the Author Elijah Muhammad was born on October 7, 1897 in Sandersville, Georgia. He met his teacher, Master Fard Muhammad in Detroit, Michigan after migrating there in the early 1930's. Upon the departure of his teacher, Elijah Muhammad became the Leader, Teacher and Guide of what went from The Lost-Found Nation of Islam in North America to what is known today as the Nation of Islam. Notable students of the Messenger were Malcolm X Little, later named Malik El Shabazz, Cassius Clay, also named Muhammad Ali, and Louis Wilcox, later named Louis Farrakhan. Given the profundity of the writings of Elijah Muhammad, it would be an injustice to attempt to put it in a small synopsis; therefore pasting this link in your browser and visiting <http://www.memps.com>, will render the best and most accurate information available about Messenger Elijah Muhammad.
