Alan Butler : The Goddess, the Grail and the Lodge before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Goddess, the Grail and the Lodge:

0 of 0 people found the following review helpful. I like the book for its information By Chira the Innkeeper's Wife I like the book for its information, but Butler makes too many leaps of logic. Otherwise, it's fascinating for the information, but not necessarily for the author's conclusions. 0 of 0 people found the following review helpful. Five Stars By Tony

S.Good overall...0 of 0 people found the following review helpful. Really good informationBy Susan J Stainbrook
This is really a good book to read as far as the information that it provides. It goes farther back than the bible and it is really interesting to know. I have not finished the book, but what I have read, I really like it.

We're only just beginning to realize that Bronze Age people knew far more about astronomy and engineering than we have given them credit for. Reading like a thriller, *The Goddess, the Grail and the Lodge* shows what Grail Knowledge really was and is.

About the AuthorAlan Butler is a qualified engineer and an expert on Megalithic cultures, ancient Crete, the Knights Templar and the Cistercians. He edits and writes the *Old Moore's Almanac and Astral Diary* series with many millions in print. He has also written *The Templar Continuum*, Templar Books, 09683567611999, and *The Bronze Age Computer Disc*, Foulsham, 05720221741999. He lives in Bath, England.
