**Johanna Broda, David Carrasco, Eduardo Matos Moctezuma : The Great Temple of Tenochtitlan: Center and Periphery in the Aztec World** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Great Temple of Tenochtitlan: Center and Periphery in the Aztec World:

0 of 2 people found the following review helpful. Surprising fast delivery on international itemBy BookWormAgain, bought for Hubby. It wasn't EXACTLY what he was looking for, but it was a very good textbook. For international delivery, it got to us very quickly. As a used book, it was in SUPERIOR condition. Guess I have to take him to Mexico to satisfy his curious!

The remains of the great double pyramid of Tenochtitlan, capital of the Aztec empire, came to light during the spectacular excavation project undertaken by the Instituto Nacional de Antropología e Historia from 1978 to 1982. This volume offers three views of the Templo Mayor as the quintessential sacred space within the Aztec empire, presented in a collaborative effort by an archaeologist, an ethnohistorian, and a historian of religion.

"An interesting book [that] provokes our thinking about the role of symbolism in ordering Mexican society." -- H. R. Harvey, *Ethno-History*"The essays that compose this volume concern the excavations of the Templo Mayor, the

Vatican of the Aztec Empire. . . . The material is so fascinating that a layman's interest in the nature of humanity is all that is needed to hold one's attention." -- Tony Hillerman, Los Angeles Times Book About the Author  
Johanna Broda is Professor at the Instituto de Investigaciones Históricas, Universidad Nacional Autónoma de México. David Carrasco is Associate Professor of Religious Studies at the University of Colorado, Boulder, and Director of the Mesoamerican Archive and Research Project.
