From University of Chicago Press : The Greeks before purchasing it in order to gage whether or not it would be worth my time, and all praised The Greeks:

What do we mean when we speak of ancient Greeks? A person from the Archaic period? The war hero celebrated by Homer? Or the fourth century "political animal" described by Aristotle? In this book, leading scholars show what it

meant to be Greek during the classical period of Greek civilization. The Greeks offers the most complete portraits available of typical Greek personages from Athens to Sparta, Arcadia, Thessaly and Epirus to the city-states of Asia Minor, to the colonies of the Black Sea, southern Italy, and Sicily. Looking at the citizen, the religious believer, the soldier, the servant, the peasant, and others, they show whatin the Greek relationships with the divine, with nature, with others, and with the selfmade him "different" in his ways of acting, thinking, and feeling. The contributors to this volume are Jean-Pierre Vernant, Claude Mosse, Yvon Garlan, Giuseppe Cambiano, Luciano Canfora, James Redfield, Charles Segal, Oswyn Murray, Mario Vegetti, and Philippe Borgeaud.

Language NotesText: English Original Language: ItalianAbout the AuthorJean-Pierre Vernant (19142007) was a French classicist and anthropologist, specializing in ancient Greece. He is the author or coauthor of many books, including *The Origins of Greek Thought and Myth* and *Tragedy in Ancient Greece*.
