Using for research on familyBy ChristineRecently I found out that my 12X grandfather helped establish Haverhill, MA in the mid 1600. I have not read it entirety as I am using mostly for research on my family background. Since this book was written in the 1800's be aware that it is old printing press quality and can ware on the eyes.0 of 0 people found the following review helpful. Bad Print QualityBy martha hillI have all my Ladd ancestors in this book, but the printing quality (overexposed) is so bad that most of the pages are either hard to read or unreadable. I have to return my copy and hope to find a better one, because it has lots of excellent information.
