Peter Neville : The Holocaust (Cambridge Perspectives in History) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Holocaust (Cambridge Perspectives in History):

An engaging range of period texts and theme books for AS and A Level history. The mass murder of European Jews by the Nazis, stands out as one of the most horrific events of the twentieth century. Peter Neville surveys the history of anti-Semitism in Europe and examines the influence of anti-Semitic ideas on the Nazi Party. The author explores the

tensions between the extermination programme and the German war economy; the development of the Jewish resistance; and the response of the Allies to the Holocaust. The final chapters consider of the Holocaust denial and assess the legacy of the Holocaust to the modern world. The Holocaust contains a selection of primary and secondary sources.
