Example: Lutheran Service book, Hymn 607, From Depths of Woe I Cry to Thee. Or alternatively include the music sheet as a page of the book. It would be wonderful to recreate the melody of that century. Otherwise it is a great piece of work. 1 of 1 people found the following review helpful. Three Stars By Henry Gerike This may be a reprint, but no melodies were given in this publication. 9 of 9 people found the following review helpful. No Musical Scores Included By Katy Luther This is a compilation of Luther's Hymns in both English and German with no musical scores and no index or complete title or first-line listing that I could find. At least it was free, but it isn't much use.
