ACCURATE!!By PASpaydDr. Bill Warner states that he wrote these booklets, keeping to a scientific 1/8" thickness. This is a good methodology. And the contents will have you wondering why the news media and our politicos are lying to us! I read the koran 3 years ago now, and I concluded on my own, that islam was the religion --

or social system - of great savagery. After finishing it I concluded Islam was NOT a religion of peace. I wish I had found Dr. Warner's books FIRST to aid me in my reading - although I took a STENO notepad and took copious notes during my writing. Dr. Warner takes that work off of the reader of the Koran and provides a concise and ACCURATE summary. Highly recommend his series of books. 0 of 0 people found the following review helpful. Dr Warner reveals the truth about Islam. By Terry Pappas Dr Warner conducts a brief but thorough review of Islam and its impact on the world for 1400 years. His non-emotional approach makes this a must-read for anyone wishing to better understand the system of Islam. 4 of 4 people found the following review helpful. ... have always admired Bill Warner's work and found it easy to read and understand. By Victor Sakala I have always admired Bill Warner's courage, common sense and dedication to his work and have found his books both easy to read and understand. This book is simply another example of the same.

When Mohammed died, the Christians and Jews of Arabia had been totally subjugated. The history of his relations with the Jews and Christians determined how they have been treated over the past 1400 years. Every action and word that comes from Islam today starts with the Mohammed's perfect example. In the very beginning in Mecca, Mohammed said that his prophecies came via the angel, Gabriel, who was the one who spoke to Moses. In Mecca he presented himself as a prophet in the line of Jewish prophets. However, the Koran also talks about Judgment Day, a Christian concept. In essence Islam is both a Christian and Jewish heresy. Later, in Medina Mohammed persecuted both Jews and Christians. Jihad destroyed the polytheists and subjugated both Jews and Christians. Islam has a dual nature in its dealings with the Jews and Christians. They are "brothers" in religion and they are mortal enemies to be destroyed. You cannot understand the jihad with Israel without knowing the Islamic doctrine of the Christians and Jews.

About the Author Bill Warner holds a PhD in physics and math, NC State University, 1968. He has been a university professor, businessman, and applied physicist. He was a Member of the Technical Staff in solid-state physics at the Sarnoff Princeton Laboratories in the area of integrated circuit structures. During the energy crisis of the 80's he founded and ran a company that specialized in energy efficient homes. For eight years he was a professor at Tennessee State University in the Engineering School. Dr. Warner has had a life-long interest in religion and its effects on history. He has studied the source texts of the major religions for decades. Even before the destruction of the World Trade Center he had predicted the war between Islam and America. The day after 9/11 he decided to make the source texts of Islam available for the average person. Dr. Warner's training in scientific theory and mathematics shaped how he analyzed Islamic doctrine. The first step was realizing that the Islamic texts had been made deliberately difficult to read and comprehend. A program, the Trilogy Project (see below), was created to strip away the confusion in the texts. It became clear that Islam is not constructed on the same civilizational principles as the rest of the world. Simple statistical methods revealed that dualism and submission were the foundational principles of Islamic doctrine.
